\*For closed course competition only.

Open End Cap negates spark arrestor.

TRAPP CAPS

These polished aluminum end caps are a great addition to any 4 in. external muffler. They can be run open for more top end power, or closed for improved low-end torque and quieter operation.

CROSSOVER CONVERSION 2:1:2

The Crossover Conversion turns the OEM 2:1 into a 2:1:2. This gives you back the stock dual exhaust look and sound. It connects to the stock head pipe which keeps your OE catalytic converter in place. It crosses under the frame like the OE 2:1:2 system. Heat shields are included.

The Crossover Conversion is designed specifically to work with all of the FLH Slip-Ons:

- SE Series
- Kerker
- Internal Disc Series
- Megaphone Series
- FatShots 2:2 Series
- Mean Mothers Slip-Ons

| APPLICATION       | MFR#      |
|-------------------|-----------|
| FLHX / FLTRX 2010 | 167-71572 |

2:2 Crossover System
